Where international, state, and/or county boundaries coincide, it may show the boundary symbol for only the highest level of those boundaries.

<sup>1</sup> A " " following a place name indicates that the place is also a map shadow.

<sup>2</sup> In 1990, the census-of-vessels population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a census-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

<sup>3</sup> A " " following a block number indicates that the block number is repeated several times in the block.
